

WHY GREATEST AND BEST.
We see some curious mortals object to the Chicago & North-Western Railway being called the greatest and best line in the country. What means greatest? Is it more length of line, miles operated and business transacted? What means best? Every one knows the reply. This line is the greatest, a few facts will demonstrate. It operates nearly twenty-one hundred miles of road, (2,078 to be exact) and reaches nearly every important point in Northern Illinois, in Wisconsin, in Northern Michigan, in Iowa, in Minnesota, and runs many miles into Dakota. What other line begins to traverse so many States? None—Not one.
A road 500 miles in length is a long one. A thousand miles makes a great line. What then should be said of one 2,100 miles long? Just think of it—if it was laid eastward from New York it would reach more than two-thirds of the way across the Atlantic Ocean, or from the pine clad hills of Maine to the sunny shores of the Gulf of Mexico. Great is it not? Then for a moment look at its business. It carries millions (think of what millions mean) of passengers a year, to say nothing of the silver and iron, and lead, and lumber, and cattle and hogs, and thousands on thousands of car loads of wheat, and oats, and corn, and horses, sheep, and the thousand and one other kinds of freight that is grown or used or handled by the people of the great North-west, through which is the great North-west highway.
Take down your maps and trace its routes. Fix your eye on Chicago as a starting point. Westward in nearly an air line you will trace its California line until you reach the Missouri river at Council Bluffs, opposite Omaha—here is a single run of nearly 500 miles. Back to Chicago again you look North-west, and follow another of its routes through Madison, the capital of Wisconsin, through the pine woods of that whole State and into Minnesota, and on to St. Paul and Minneapolis—this is 400 miles more. Again looking from Chicago you can trace a line through Sparta, Wisconsin, La Crosse, in the same State, Winona, Owatonna, and New Ulm, in Minnesota, and North-westward far into Dakota—here we have 625 miles more of road. Again coming to Chicago we see two lines running northward—on along the lake shore to Milwaukee, and thence to Fond du Lac, and the other running more inland through Janesville, Watertown, etc., also to Fond du Lac, thence North through Oshkosh, De Pere, Green Bay and Escanaba to Negaunee, Ishpeming and Marquette—here is another 410 miles of road. Then we have a line from Chicago to Elgin, Rockford and Freeport, another from Clinton, Iowa, to Anamosa in the same State, another from Kenosha on Lake Michigan to Rockford, in Illinois, and after all longer lines we have many short spans to traverse before we have found out all of the Chicago & North-Western Railway.
Is it any wonder then that this line is called the great Western Trunk Line? So far ahead of anything else is it in the way of road bed, cars, locomotives and hotel coaches, that even its competitors are obliged to acknowledge that it is the best.
The passengers to or from California, Colorado, Utah, Nebraska, the Black Hills, Minnesota, Manitoba, the East, West, North or South, should see that they are furnished tickets by this great line. Forget not that this alone of all the roads west or north of Chicago, run the world-renowned Pullman hotel car. No other western road has Pullman or any other form of hotel car, no matter what they claim.—The Herald.

PLATFORM.
Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the "greatest good to the greatest number." Believing that no insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance, and we therefore declare it to be the first duty of good citizens and in the highest interests of good government to ensure that the Republican party be continued as the law-making power of the land.
Resolved, That we do heartily endorse the platform adopted by the State Convention of our party held in Eureka, September 18th, 1878; that we do approve both the spirit and letter of the same, and hereby pledge our candidates to a fulfillment of all promises therein made to the people.
Resolved, That the official acts of the Hon. John P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party in Washoe county.
Resolved, That this Convention as a representative of the Republican party of the Washoe county, heartily endorses and applauds the vote of Washoe's Senators and Assemblymen in the Legislature of 1877, upon the infamous Bullion Tax Compromise bill, and we declare that in our best judgment said vote was cast for honesty, justice and the public good; and further that we do pledge our candidates for the Legislature of 1879 against any repeal or modification of the tax against the net proceeds of mines as it now exists, and that we recognize no power save the people which can absolve legislators from this pledge.
Resolved, That the Republican party of Washoe county believes that the very first qualifications of its candidates must be honesty and capacity, no personal friendships or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby solemnly pledge itself and its candidates to a careful and prudent administration of the county affairs and to such reforms as to existing abuses as the nature of the case demands.
Resolved, That the existence of the Chinese in the United States is detrimental and injurious to the present and future welfare of our country and therefore the Republican party demand the abrogation of that part of the Burlingame treaty permitting immigration of the Chinese; that no Chinaman shall be employed upon any public works or in or about any public building or office; that the Republican party pledges its representatives to enact such just laws as shall most speedily remove from our nation the present Chinese population.
Resolved, That we recognize property as the product of labor applied to forest, field, furnace, forge, mine, and manufacture; that the wealth of a State or nation is proportionate to the number of its laborers; that States are more or less prosperous according to the wages which its laborers command, and that labor is the producer, while capital is only the result of such production. Believing that the policy of capital gives injury to the few while prosperous and well paid labor shall have a governing influence in shaping the affairs of State, thus bringing "the greatest good to the greatest number."
Resolved, That this Convention refuses to confer any appointing or elective power whatever upon the County Central Committee, which shall be named by this body. We recognize the rights of the people alone to name delegates to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican.
Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by a successful candidate for office are binding and valid during his official term; that there is no power in any committee, State or county, to revoke it and that a breach of such pledges is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.
On motion the following additional plank introduced by C. O. Powning was adopted:
Resolved, That our Senator and Assemblymen are pledged against any remission of the penalty of \$125,000 due this State from certain mining companies doing business in Store county, and to oppose any bill looking to relieve such companies from said obligation.
BRADLEY, whose flowing beard is worn as evidence of his devotion to the Lost Cause; Adams, the Vermont secessionist; Kittrell who fled the country to avoid taking the oath; Baker, the faithful ally of the South; and Deal, the exponent of Calhounism; these are fair samples of the triumph of the Obvies at the State Convention. Walk up, ye Northern Democrats, and do the bidding of your masters.—Leader.

NEGOTIATIONS are in progress for the purchase, by a company to be called the Atlantic Racing Association, and having a capital stock of \$600,000 of ground on Coney Island, near New York City, for a race track to be ready in time for next season. Pierre Lorillard, James Gordon Bennett, Laurence Jerome, the Dwyer Brothers and others, are named in connection with the project.
The yellow fever is slowly but surely subsiding. While the disease is great, still the physicians report that the worse is over and they are in hopes soon to announce its extinction. It will take years for the stricken cities to recover what has been lost in business and population.
EUREKA points with pride to the fact that she sustains one hundred and five saloons.
The City Drug Store keeps on hand their celebrated Sweet Castor Oil. Everybody uses it. Only 25 cents per bottle.
REMOVED.—Mrs. J. D. Edwards, milliner, has removed to Sierra St., south Masonic building, opposite Smith's blacksmith shop. Old hat shapes made over as good as new. Thanking the ladies for their kind patronage she respectfully asks a continuance of the same.

REPUBLICAN PLATFORM. Adopted at Eureka, Sept. 15th, 1878. Resolved, That we reaffirm the principles of and renew our allegiance to the party which preserved the Union freed the slaves and maintained the essential doctrine, that this is a nation and not a confederacy bound together with ropes of sand, and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad, that against the assaults of traitors and rebels in time, and the Republican of Nevada now demand that every qualified elector in every State—in every State South and North—Democratic or Republican, black or white, shall be permitted, undisturbed by force and untried by law, to cast all elections at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such vote, to any office, shall be freely inducted into it and effectively supported in the discharge of its duties; that the permanent pacification of the Southern section of the Union is a complete protection of all its citizens in all their civil, political and personal and property rights in the duty to which the Republican party stands solemnly pledged. In order to reach this pledge it is the duty of the recent amendments in the Constitution and upon the right basis of said amendments it will go forward; the work of pacification until peace shall come through right, doing and contentment through justice. That the evil at present of the Democratic party if it should come into full power is to pay hundreds of millions of dollars of the claims of disloyal men already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important now that the Senate is so to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Foster resolutions to disturb the title by which President Hayes and Vice President Wheeler hold their seats is revolutionary and dangerous to the extreme, and characteristic of it is of the underlying motives of the rebel democracy call for our unqualified disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as may be secure to the country the benefit of honest and fair adjustment of freights and fares on all railroads, whose construction is the result of land grants, subsidies loans and other Government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freights and fares on the railroads within this State.

Resolved, That in their shameful disregard of the sacred principles the Democratic party of this State in their unmitigated purpose to nominate the present incumbent of the gubernatorial office for a third term have brought upon themselves the deserved censure not only of every Republican, but of the honest man in robe and consistent members of their own party.

Resolved, That we believe in the due and proper rotation in office and that so believing we are opposed to the nomination of candidates to office under the State Government for a third term.

Resolved, That we will with joy the renomination of all of our officers as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America and we ask Congress to complete the measure of our redemption by securing a really general election by ballot.

Resolved, That in the legislation of the Forty-fifth Congress nothing more fully commends our approbation than the efforts of our Senators and representatives in securing the renomination of silver and the dual standard in the coinage of the country.

Resolved, That there should be retrenchment to the public service; that men elected to office should be qualified by education intelligence and business habits to perform the duties of their respective offices and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our Constitution in providing for the taxation of the proceeds of the mines that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its proportion; that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period when economically and honestly administered, that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State at the same time having due regard to the surplus of funds already in the Treasury.

Resolved, That we refer with pride to the record of the Republican party in Congress where in spite of the assaults of a malignant and unpatriotic opposition, not one stain of dishonor rests and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles.

Resolved, That labor in itself recognizes the Republican party as its exponent, demand emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well being of society.

Resolved, That the General Government should immediately take such steps as to absolutely stop further immigration of Asiatics to our country and that such a just and peaceful measure should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada earnestly most solemnly protest and condemnation against any corrupt interference in the politics or legislation of this State, by moneyed rings or corporations or their representatives of aggregated wealth or capital, that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of said States that the principle and practice are fraught with danger to our republic can form of government and should be frowned down and related by every individual who has at heart the welfare of American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any money raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That to promote the advancement of education and morals, to stimulate a true and beneficent enlightenment, and to preserve to the men, women and children of this State the fruits of the tax so cheerfully borne and generously disbursed in behalf of our admirable system of public schools, to maintain the Union and protect its flag, to guard the memories of the dead who died in the name of Union liberty and law and to vindicate our own acts and purposes is the aim and mission of the Republican party here and elsewhere, and first of all, to do that which is best for the preservation and perpetuation of our party and its principles, holding all men to duty and aspirations secondary to these high claims and ends, these are our duties, and these the intentions we do most strenuously maintain and avow.
